How employees perceive their environment and interpret colleagues' actions can significantly impact their responses. Misperceptions can lead to conflicts or misunderstandings, so fostering clear communication is vital.

Motivation Theories

Jennifer George discusses various motivation theories that explain what drives employees:

- **Maslow's Hierarchy of Needs:** Employees are motivated by fulfilling basic to advanced needs, from physiological necessities to self-actualization.
- **Herzberg's Two-Factor Theory:** Differentiates between hygiene factors (e.g., salary, work conditions) and motivators (e.g., achievement, recognition).
- **Expectancy Theory:** Suggests that employees' motivation depends on the expected outcome and the value they place on that outcome.
